30,000 MILES EACH WOULDN'T YOU SAY?

Barring accidents, tires *made* alike will *act* alike. And the same goes for cigarettes. Only a cigarette made *differently* can be expected to have a different effect on the smoker.

PHILIP MORRIS is less irritating to the nose and throat* because of its distinctive method of manufacture. You can easily confirm that statement by making your own tests. Won't you try PHILIP MORRIS on your patients who smoke?
